

Errata for MS221 2011B

In TMA01, please replace question 4 (a) (ii) as follows.

- 4(a)(ii) Show that the exact value of the eccentricity is $\frac{1}{6}\sqrt{15}$. Hence find the coordinates of the foci and the equations of the directrices, giving the exact values of the numbers involved, and mark the foci and directrices on your sketch.
